Let me know if you need any additional information. None of these past relationships represent conflicts in the current proceedings.

- **Southern Alliance for Clean Energy**

In 2017 and 2018, Jon Wallach of RII testified on residential customer charges on behalf of SACE and other parties in Duke Energy Progress and Carolinas proceedings in North Carolina.

- **South Carolina Coastal Conservation League, SC NAACP, Upstate Forever**

In 2019, Wallach testified on cost allocation and residential customers charges on behalf of these parties in Duke Energy Progress and Carolinas proceedings in South Carolina.

- **Southern Environmental Law Center**, other than in its role representing SACE, SCCCL, SC NAACP, and Upstate Forever

In 1991, Mr. Chernick testified for SELC in Virginia on EE issues.

In 1992, Mr. Chernick testified for SELC in North Carolina on EE cost recovery and incentives for North Carolina Power (NCP), Carolina Power and Light (CP&L) and Duke Power.

In 1995, Mr. Chernick testified for SELC in North Carolina on alternatives to a new CT, including EE.

In 2012, RII provided some services to HPowell Energy, in support of a SELC filing on lost revenues by Dominion Virginia Power.

In 2017-2019, Mr. Wallach provided advisory services to SELC VA regarding coal-ash legislation.

- **Walmart, Inc.**

RII did some limited work as a subcontractor in 2006 for a project for Walmart (and Natural Resources Defense Council) on policy approaches to encouraging energy efficiency in the Georgia Power service territory.

- **South Carolina Department of Consumer Affairs**

RII worked for the Department in four proceedings in the 1990s:

S.C. PSC 91-216-E, cost recovery of Duke Power's DSM expenditures; South Carolina Department of Consumer Affairs. Direct, September 13 1991; Surrebuttal October 1991. Problems with conservation plans of Duke Power, including load building, cream skimming, and inappropriate rate designs.

S.C. PSC 91-606-E, petition of South Carolina Electric and Gas for a certificate of public convenience and necessity for a coal-fired plant; South Carolina Department of Consumer Affairs. January 1992.

Justification of plant certification under integrated resource planning. Failures in SCE&G's DSM planning and company potential for demand-side savings.

S.C. PSC 92-208-E, integrated-resource plan of Duke Power Company; South Carolina Department of Consumer Affairs. August 1992.

Problems with Duke Power's DSM screening process, estimation of avoided cost, DSM program design, and integration of demand-side and supply-side planning.

S.C. PSC 92-209-E, in re Carolina Power & Light Company; South Carolina Department of Consumer Affairs. November 1992.

Demand-side-management planning: objectives, process, cost-effectiveness test, comprehensiveness, lost opportunities. Deficiencies in CP&L's portfolio. Need for economic evaluation of load building.

Subject: Additional Parties of Record

Good Afternoon,

We have received two additional Petitions to Intervene in the Avoided Cost Methodology Dockets. They are as follows:

- Ecoplexus, Incorporated
- Central Electric Power Cooperative, Incorporated

These Intervenors will be considered "pending" until approved by the Commission. Please include them in your review for conflicts of interest.

If there are additional Intervenors, you will be able to find them in the following Docket Files online:

[2019-184-E](#)
[2019-185-E](#)
[2019-186-E](#)

Thank you,

Afton
